Claims 1, 7 and 8 are currently pending in the instant application, are allowable

over the prior art of record and are renumbered as claims 1-3.

Response to Amendment

The amendment filed on 27 October 2003 which cancels claims 3 and 9-14 and

amends claim 1, 7 and 8 to delete non-elected subject matter is sufficient to overcome

the objection to the claims as containing non-elected subject matter and has been

entered.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance. This invention

relates to a polymerizable molten salt monomer of the formula (I). The closest prior art

of record, Yoshizawa et al., which teaches the macromonomer of scheme 1, fails to

teach or suggest the polymerizable molten salt monomer of the formula (I) as instantly

claimed.

Any comments considered necessary by applicant must be submitted no later

than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on

Statement of Reasons for Allowance."
